## Imagine a place

where flowers, along with the sounds of friendship and laughter, dance with the breeze. A

place of warmth decorated with fine furnishings, stunning artwork and, more often than not, the scent of something delicious baking in the kitchen. A place where independence thrives but help is only a call away. A place where you are always like family. Welcome to the Benton House.

Benton House serves seniors who don't want or need a nursing home, but who are weary of home upkeep, in need of a little personal assistance or simply desire to have more friends and interactions with others.

The single story design offers a variety of apartment home styles. Residents bring their own furnishings and keepsakes so the apartment can truly be made their own.

A full array of services is included - delicious meals, weekly housekeeping, and a full social event calendar. And, discreet and dignified personal assistance, if needed, is accessible and provided by our caring staff.
